EXPERIENCE

UX Designer | Center of Teaching & Learning, GTech

Atlanta, GA | Aug 19 — Dec 19

Helping CTL at GTech to develop interactive and engaging textbooks for students. Analysed surveys and conducted interviews to find out students' study preferences and patterns.

UX/UI Designer | Lollypop Design Studio

Bangalore, India | Apr 18 — Jun 19

Led the design effort in a team of 3 designers for a B2B cloud platform which enabled enterprises to deploy customised apps for employees. Collaborated with PMs, UX engineers and client to deliver final designs. Developed high-fidelity wireframes and prototypes in bi-weekly sprints. Unified cross-platform experience by developing a design system.

Software Developer | Siemens Healthcare

Bangalore, India | Jul 16 — Feb 18

Developed new features and maintained a suite of 4 medical-imaging applications, having 300+ customer hospitals. Improved automation test stability from 55% to 95%.

Founder & Designer | Kalista Works

Vellore, India | Jan 15 — Mar 16

Collaborated with 2 developers to create a mobile app for our web-only university portal which provided students ubiquitous accessibility to relevant course material. Worked on this from ideation to launch.
